E. Summary of Issues and Significant Changes

The requested rate per ESD for FY 06-07 annual service charges is \$913, representing a 6.0% increase from FY 05-06. Annual sewer service charge revenue, adjusted for the anticipated number of ESDs and an estimated delinquency factor, is projected to increase from the FY 05-06 budget. This revenue change is primarily due to the rate increase.

The Russian River CSD treatment plant was completed in September 1980 and began operating in 1982. The district has recently expanded the treatment plant to increase its capacity to treat wastewater flows during flood conditions in the District's service area.

The Russian River CSD irrigates approximately 20 acres of forest area adjacent to the treatment plant (referred to as the Burch property) and approximately 40 acres of the Northwood Golf Course. The Northwood Golf Course has not been able to achieve the disposal rate which was expected when the treatment plant was constructed. As a result, increased irrigation has been required at the Burch property. The Russian River CSD is planning to evaluate expansion of the irrigation system to reduce the amount of irrigation performed on the Burch property.

The requested rates should provide the funds necessary to operate and maintain the Russian River CSD's collection system, treatment plant, and reclamation system. In addition to the funds needed for the ongoing operation of wastewater treatment and disposal facilities, funds are necessary for the replacement of aging infrastructure. At the Russian River CSD, rates are being increased at rates above inflation to provide funding for the replacement of aging infrastructure.

F. Summary of Reduction Options

No reduction options are proposed.

Character No.: 652206-10

1000 Prop Taxes - CY Secured

The Auditor-Controller establishes a tax rate sufficient to accumulate tax revenues necessary to make bond payments of interest and principal. The bonds were passed to fund construction of sewage facilities.

1020 Prop Taxes - CY Supplemental

The amount requested for property tax revenue is based on prior year actuals and current year estimates from the Auditor-Controller's office.

1040 Prop Taxes - CY Unsecured

The amount requested for property tax revenue is based on prior year actuals and current year estimates from the Auditor-Controller's office.

Note: The FY 06-07 bond payment amount (principal and interest) is \$171,000. To avoid major fluctuations in the tax rate from year to year, the tax amount budgeted and/or collected each year may not correspond exactly to the annual bond payment (P&I). Over or under collection in any single year (when compared to the bond payment for that year) merely increases or decreases the fund balance retained in this index. The Auditor's long term tax rate calculations are designed to ensure that debt service obligations are met, while retaining an appropriate level of fund balance, and minimizing unnecessary tax rate fluctuations.
